150% Deposit Bonus: Terms and conditions

Effective June 04, 2021

[General provisions](#)

[Working with the Bonus](#)

[Conditions to withdraw the Bonus](#)

[Restrictions. Bonus cancellation](#)

1. General provisions

The 150% Deposit Bonus (hereafter the 'Bonus', the 'Bonus funds') is a deposit bonus provided by the Company which is a percentage of the deposited sum and can be received when the Customer deposits funds to his trading account.

The Bonus can be applicable to any of the following account types:

- Premium MT5
- Standard MT5
- Standard MT4

The bonus of this type can only be claimed once and within 30 calendar days of an account registration. The minimum deposit eligible for the bonus is USD 100. The Company reserves the right to limit the bonus amount.

The Bonus funds can be used for trading along with the Customer's own funds.

The Bonus is available for trading for an unlimited period of time.

Any available leverage can be set for the trading account with the Bonus.

The Bonus funds belong to the Company.

The Customer has the right to cancel the Bonus at any time.

2. Working with the Bonus

In case the Customer receives the Bonus, all the funds are divided into two parts:

- the Customer's own funds, and
- the Bonus funds.

The Customer's own funds consist of all deposits and withdrawals (excluding the Bonus) and the profit he receives when trading using these funds.

The Bonus funds are the amount of the Bonus credited to the trading account.

The Customer's own funds can be used for trading without any limitations. The Bonus funds cannot be used during a significant drawdown; they will be cancelled (debited) from the trading account when the Equity is less than the amount of the Bonus.

In the event that funds which were used to claim a bonus are withdrawn from the trading account after the bonus has been credited, the bonus shall be reduced by a proportional amount to the amount withdrawn. The bonus requirements must still be met on the full amount of the initially awarded bonus.

3. Conditions to withdraw the Bonus

The Bonus can be withdrawn by the Customer once the Bonus conditions are met.

To meet the Bonus conditions, the Customer needs to make trades using any trading instruments available in the trading terminal of the total volume of 1 lot per each \$1 of the Bonus funds from the moment the Bonus is credited. The time frame for completing the Bonus conditions is not limited.

4. Restrictions. Bonus cancellation

There are some other types of deposit bonuses the Company provides to its Customers. Different types of deposit bonuses cannot be mixed together in the same trading account. In order to receive other types of deposit bonuses the Customer needs to open different trading accounts.

Opening of opposing (hedged) positions using the same or similar trading instruments on different trading accounts with the Bonus funds at the same time is prohibited.

Since the Bonus funds belong to the Company, the Company has the right to:

- cancel (debit) the Bonus from the trading account without prior notice and without giving any reasons to the Customer
- refuse to provide the Bonus for the Customer without giving any reasons; and
- limit the amount of the Bonus.

Some countries can be excluded from this promotion.
